and are involved in supplying spurious and substandard drugs.

Preliminary examination has been carried out which shows that there does not appear to be any substance in th$_e$ complaints regarding bribery and mis-appropriation of funds in Government Medical Store Depot. Kamal,

National Sample Survey data on Household consumer Expenditure

743. SHRI KAILASH PATI MISHRA:
SHRI ATAL BIHARI VAJPAYEE:

Will the Minister of PLANNING be please^ to state:

(a) the main features of the 38th, 39th, 40th, 41st, 42nd, and 43 rd Rounds of the National Sample Survey data on House, hold Consumer Expenditure anj other aspects; and

(b) the conclusion drawn from each one of them as regards the percentage of population below poverty line and other aspects of the economic health of the people; and manner in which these are reached?

THE MINISTER OF PLANNING AND THE MINISTER OF PROGRAMME IMPLEMENTATION (SHRl MADHAVSTNH SOLANKI): (a) Data regarding Consumer Expenditure was collected by National Sample Survey Organisation through 38th, 42nd and 43rd round$_s$ only. No consumer Expenditure Survey was conducted in 39th, 40th and 41st rounds. During 39th Round the subject of enquiry was population, births and deaths. During 40th and 41st rounds enquiries on Unorganised manitfactures, non-directory establishments, on account enterprises etc.. were made.

(b) The Data onHousehold Consumption Expenditure collected during 38th round was utilised for estimating percentage of person$_s$ below poverty line, according t$_0$ which 37.4 per cent of the population was below the poverty line in the country during 19?3-84. The results of 42nd round have been tabulated by the NSSO. The reports thereon are, however, yet to be finalised. The data collected during 43rd round are still under processing.
